Scorpio Crash Claims Aunt, Nephew; 10 Injured on Highway

A tragic accident involving a newly purchased Scorpio on a highway has resulted in the deaths of an aunt and her nephew, with ten other individuals sustaining injuries.

A severe road accident occurred on a highway involving a recently acquired Scorpio vehicle. The incident tragically claimed the lives of an aunt and her nephew. In addition to the fatalities, ten other people were injured in the crash. The exact circumstances leading to the accident have not yet been determined. Authorities are investigating the cause of the collision. Further details regarding the condition of the injured and the sequence of events are awaited.

India's installed power generation capacity has now surpassed the 530 Gigawatt (GW) mark, signaling robust growth in the energy sector. This significant increase underscores the nation's commitment to bolstering its power infrastructure. The country is projected to continue this upward trajectory, with expectations that the total capacity will approach 600 GW within the next year. This expansion is primarily fueled by substantial additions, particularly in renewable energy s...
